

Electronic equipments 2009
for Paramotor & Microlight Helmets

Version 09.1.3

Prices in € valid from 01.10.2009

Important

We sell and keep on stock only few standard items from our 3 suppliers:

Starcompany, Nac-Intercom, Loescher

They all have on-line shops where you can find more and special items.

They sell also all our helmets

More **technical data**, info and pictures are on the web page of the supplier

Due to many **radio connectors** on the market we dont' keep them all on stock

For some items please allow us 2 - 3 weeks delivery time

view the exact radio connectors at the end of this list

For safety reasons, we do not sell conventional arching headsets to wear under the helmet: your head would no longer be well protected! See our web page about Headsets

Depending from our suppliers, some prices can change without notice

Therefore it reserves the right to modify the characteristics of its products in any way, without any prior notice.

View enlarged pictures of the products on our web page www.4fighthelmets.com
